PHOENIX - The Arizona Department of Transportation is buying some homes along a proposed freeway south of Phoenix.

In Ahwatukee, ADOT has already purchased more than a dozen homes. It's all for the proposed South Mountain freeway.

ADOT says it will only buy homes from owners who are transferring to out-of-state jobs or have a hardship, such as a death in the family.

People who have lost their jobs or whose mortgages are under water do not qualify.

For more information on the proposed freeway, go to:
